

Application for Maryland Department of Transportation

Maryland Transit Administration (MDOT MTA) Reduced Fare Program for Individuals with Disabilities

This information will be used to determine the applicant's eligibility for the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) Reduced Fare Program for individuals with disabilities. We will assess all information provided and determine eligibility and duration for participation in the MDOT MTA Reduced Fare Program.

To qualify as a participant in the program, the applicant must have a valid government-issued ID, and due to an illness, injury, congenital condition or other disability expected to last 90 days or longer, be unable to utilize mass transit as effectively as others. Conditions which do not qualify are: pregnancy, obesity, controlled epilepsy, contagious diseases which pose a danger to other passengers, and less severe mental illnesses. The applicant must complete Section 1 "Applicant Information", and Section 2 "Voter's Registration". Section 3 shall be completed by a Physician or Healthcare Professional only. Reduced Fare Photo ID Cards are not issued to those over the age of 65.

Seniors automatically qualify for reduced fare on MTA services by presenting their valid government issued ID. Military veterans with 60% or higher disability rating, or people with an SSI/SSDI disability are eligible with a verification letter. Verification letter issued within 60 days is required, no application is needed.

Applications should be submitted by mail, fax, or email. The mailing address is 4201 Patterson Avenue, 1st Floor, Baltimore, MD 21215. Fax and email submissions can be sent to 410-333-4347 and mtareducefarecertification@mta.maryland.gov.

Reduced Fare Eligibility Guidance

The following are descriptions of medical conditions that may lead to eligibility for the MDOT MTA Reduced Fare Program for individuals with disabilities under the standards contained in 49 C.F.R. §609.3. Individuals with other medical conditions may qualify for eligibility if the federal standard is satisfied.

Military veterans with 60% or higher disability rating, or people with an SSI/SSDI disability are eligible with a verification letter. Verification letter issued within 60 days is required, no application is needed.

1. **Amputation:** an individual has an amputation of one or both hands, arms, feet or legs.
2. **Neurological Conditions:** an individual has difficulty with coordination, communication, social interaction, and/or perception from a brain, spinal or peripheral nerve injury or illness, has functional motor deficits, or suffers manifestations that significantly reduce mobility.
3. **Pulmonary or Cardiac Conditions:** An individual has a pulmonary or cardiac condition resulting in marked limitation or physical functioning and dyspnea during activities such as climbing steps and/or walking a short distance. If diagnosis is asthma, the healthcare professional should state whether: a) Individual has been on systemic medication for the immediate past 6 months, OR b) Individual has been required to use fast acting inhaler for the 3 or more episodes per week for the immediate past 6 months.
4. **Blind or Low Vision:** An individual is legally blind, whose visual acuity in the better eye, with correction, is 20/200 or less, or who has tunnel vision to 10 degrees or less from a point of fixation or so the widest diameter subtends an angle no greater than 20 degrees. An individual has low vision, and whose visual acuity is in the range of 20/70 to 20/200 with best correction.
5. **Deaf or Hard of Hearing:** An individual with a pure tone average greater than 70dB in both ears, regardless of use of hearing aids.
6. **Epilepsy:** An individual has had at least one tonic-clonic seizure within the past 4 months.
7. **Developmental or Learning Disabilities:** An individual has a significant learning, perceptual and/or cognitive disability. Some conditions may be excluded from eligibility such as Attention Deficit Disorder (ADD).
8. **Mental Illness:** An individual whose mental illness includes a substantial disorder of thought, perception, orientation, or memory that impairs judgement and behavior.
9. **Chronic Progressive Debilitating Conditions:** An individual who experiences debilitating diseases, autoimmune deficiencies, or progressive and uncontrollable malignancies, any of which are characterized by fatigue, weakness, pain and/or changes in mental status that impair mobility.
10. **Non-Ambulatory:** An individual is unable to walk and requires the use of a wheelchair or other mobility device.
11. **Semi-Ambulatory:** An individual has a chronic condition, which substantially limits the ability to walk, or is unable to walk without the use of a caliper leg brace, walker or crutches.
12. **Drug/Alcohol Addiction:** An individual who is actively enrolled and participating in a certified and/or accredited substance abuse treatment program.
